# Registration Procedures for Fall, 1978

At James Madison University, the registration process is composed of the basic steps listed below. After the outline, each step is explained in detail.

1. Consulting with faculty advisor.
2. Obtaining registration materials.
3. Securing class cards and paying fees.
4. Changing enrollment status.
  - a. Change of course
  - b. Withdrawal from the University

## 1. Consulting with Faculty Advisor

To begin the registration process, all students must see their faculty advisors. The student must have an approved "Program Card and Registration Receipt" form before attempting to enter the Registration Center. The "Program Card and Registration Receipt" form may be secured from faculty advisors. The student should take the responsibility for arranging an appointment with his/her advisor at the earliest possible time.

During registration each department is represented in the Advisory Center by a faculty advisor. The Advisory Center provides a convenient location for students who need to consult with a major departmental representative during registration. Students must, however, make arrangements to see their faculty advisors for initial advising prior to the day of actual registration. The Advisory Center is located on the third floor of Godwin Hall. Access to the center is below the northwest ramp.

### a. Current Students

Currently enrolled students should consult with their faculty advisors during a term preceding their next semesters registration. It is the responsibility of the student to arrange to see his/her advisor at the earliest possible time. Graduate students must see their major advisors and their minor advisors where applicable.

### b. New Degree Students (Undergraduate)

Entering freshmen and transfers who attended summer orientation will have seen an advisor at that time. Students who did not attend the summer orientation will plan their program with an academic advisor during the fall orientation on August 27.

### c. New Degree Students (Graduate)

New graduate students admitted to degree programs should make every effort to contact their major and minor (if applicable) advisors, as designated in the letter of admission from the Office of the Graduate School, in advance of registration to plan their programs of studies and to obtain advisors approval.

### d. New Nondegree Students (Undergraduate and Graduate)

Nondegree students taking single courses should request the heads of those respective departments to serve as their faculty advisors. Nondegree undergraduate students desirous of additional academic advising should consult the Director of Student Orientation and Academic Advising, Wilson 107.

### e. Provisional Graduate Students

Applicants whose admission to graduate study is pending may register for courses on a provisional basis. These students have not been assigned advisors. They must obtain the approval of the head of the department offering the degree program for which they are applying for admission.

## 2. Obtaining Registration Materials

Registration materials consist of:

(a) "Permit to Register," (b) "Student Information Form," (c) "Student Fee Card," (d) "Program Card and Registration Receipt Form," and (e) "Student ID Card." Registration materials will be mailed to all new and returning students with the exception of those students having outstanding obligations at the time registration materials are prepared and those who are academically ineligible.

For students who are assigned a Campus P.O. box, the registration materials will be placed in the P.O. box approximately 3 days prior to the scheduled date of registration. For those who are not assigned a P.O. box, the materials will be mailed to the local address approximately 3 days prior to registration.

Returning students who wish to participate in Advanced Registration should see special instructions page

Entering freshmen and transfers who attended summer orientation must complete their registration by entering the Registration Center (Godwin Hall) at their assigned registration times to pick up their class assignment cards pulled during the summer and pay fees or verify prepaid fees. Entering degree students who did not attend the summer orientation will be given registration materials at the fall orientation session and will enter the Registration Center at the time designated on their Permit to Register.

## 3. Securing Class Cards and Paying Fees

Students having their approved "Program Card and Registration Receipt" form, their student ID card and the other registration materials are then prepared to enter the Godwin Hall Registration Center to obtain class assignment cards and to pay fees or have prepaid fees verified.

### Registration Appointment Time

Registration priority at James Madison University will be based on cumulative hours earned. Enter the Registration Center at the date and time printed on the "Permit to Register" card.

### Schedule Conflict

Each student is responsible for preventing conflicts. The applicable change-of-course fee will apply to any class schedule revision.

### Special Class Card Situations

#### Credit/No-Credit Courses

A student who desires to take courses on a Credit/No-Credit basis must so declare during the process of registration. In order to register for a course taken Credit/No-Credit the student must:

1. obtain the faculty advisor's approval, and 2. "punch" the appropriate column on the respective "Class Assignment Card."

#### Audit

In order to register to audit a course the student must: 1. have approval of advisor, 2. secure an "Individual Class Assignment Card" (yellow) approved by the department head and 3. "Check" the audit block on the card. Audit cards will not be available during advanced registration. They must be obtained from department heads during regular fall registration.

#### Repeating a Course

In order to register for a course being repeated, the student must: 1. obtain the faculty advisor's approval, and 2. "punch" the appropriate column on the respective "Class Assignment Card." Changes in the above are considered changes in enrollment status and are subject to deadlines specified in the University Calendar.

#### Payment of Fees

Registration is not completed until fees are paid. Students should not enter the Registration Center unless they have prepaid, are prepared to pay in full or are assured their student fees are being paid by a form of scholarship or student aid.

## 4. Changing Enrollment Status

Once students have completed their initial enrollment, they may find it necessary to change enrollment status.

### a. Change of Course

After student registrations are complete, they may change class schedules through the process of adding and/or dropping courses. Application for permission to add or drop courses begins with the Faculty Advisor.

The change of course period begins August 30 the day after Godwin Hall Registration has been closed. Deadlines for dropping courses are:

Fall Semester - October 26

First Eight-Week Block - September 27

Second Eight-Week Block - November 27

No charge is made for adjustments completed by September 6. Any change from the original schedule including changes to or from credit/no-credit must be made during the periods specified in the University calendar.

### b. Withdrawal from the University

Withdrawal forms are available from the Office of Student Affairs, Alumnae Hall. or the Graduate School office, Keezell Hall. Additional information on undergraduate withdrawal is found on page 33 of the 1978-79 General Catalog. The procedure followed by a graduate student withdrawing from the University is found on page 34 of the 1978-79 Graduate Catalog.

## 5. Advanced Registration Procedures

Current students may carry out parts of registration during the spring and complete the process in the Godwin Hall Registration Center in August. Students who choose to participate in Advanced Registration are responsible for taking the following steps:

### Spring, 1978

1. Arrange an appointment with your faculty advisor to plan fall schedule.
2. Secure three part "Program Card" from advisor. Fill in schedule including both preferred and alternate courses whenever possible. Have advisor sign "Program Card."
3. Give advisor the third copy of your "Program Card." Take original copy to the office of the department in which you major by April 28. Attach to this copy any required statements of faculty approval (Example—Math 390 requires permission of the instructor.) Students who have no declared major should take their "Program Cards" to the Office of Academic Advising, Wilson 107. Keep the second copy of the "Program Card" for your records and verification during fall registration.
4. Pay regular \$10 readmission fee. Only students whose names appear on the "Anticipated Enrollment" list will be eligible for advanced registration.

During the summer, departmental offices will forward "Program Cards" to the Records Office, where staff will "pull" class cards for each student as designated on the "Program Card."

### Fall, 1978

1. Receive your registration packet at your local address. It will include:
  - a. Permit to Register

- b. Student Information Form
- c. Original copy of "Program Card" prepared in the spring
- d. Fee Card

2. Check "Program Card" noting the class cards which have been secured for you. Also check your program with the original schedule of classes and list of schedule changes made during the summer. Since few students are likely to have full programs, you should anticipate making adjustments during regular registration.

3. Report to Godwin Hall at assigned time listed on "Permit to Register."

4. Pick up packet of cards which were "pulled" for you during the summer.

5. If your schedule is complete, proceed to check-out and fee payment.

6. If schedule is incomplete or adjustments are necessary, secure additional cards. Retain all cards, whether pre-pulled or obtained in the registration center, until you reach "check out."

7. During check out "Program Cards" will be carefully checked. Cards, whether pre-pulled or secured in Registration Center, must be accounted for. Extra cards, as well as those needed for your completed schedule, will be collected.

Cards pulled during advanced registration and not claimed by noon, Aug. 30 will be returned to departments for redistribution during the drop/add period.

Students who prefer to secure all class cards at the Godwin Hall registration should consult their faculty advisors during the Spring Semester, 1978 but should complete the two part "Program Card" and retain both copies for use during regular fall registration.

## Academic Information

### Registration Priority

Since it is impossible to register all students at James Madison University at the same time, it is necessary to establish some priority in the assignment of registration times. Registration appointment times are based on the rationale that those students nearest to the degree have the most critical need for choice of courses. Since the registration materials must be prepared before the end of the summer term, appointment times for fall must be based on cumulative hours earned at the beginning of the summer session.

### Twenty-Four Hour Clock

The 24 hour clock is used to designate time classes begin and end; i.e. 8:00 a.m. would be 0800, 6:00 p.m. would be 1800.

## Course Numbering System

Courses are numbered according to the following system:

100-199	Courses intended for freshmen
200-299	Courses intended for sophomores
300-399	Courses intended for juniors
400-499	Courses intended for seniors
500-599	Courses designed primarily for graduate students but are open to qualified undergraduates who may register for courses for undergraduate credit with the approval of their advisors.
600 or above	Courses open ONLY to those students admitted to the Graduate School.

## Section Numbers

Section numbers 001-099 represent semester courses; 100 section numbers represent first eight-week block courses (Aug. 30 - Oct. 17); 200 section numbers represent second eight-week block courses (Oct. 19 - Dec. 8). All laboratory sections are in the 900 section number series.

James Madison University reserves the right to add or delete courses, reassign instructors, or alter the times courses are offered.

## Maximum Course Load

### Undergraduates

The Dean of a School or his designee must approve schedules of students who wish to take more than a normal course load during a semester. The Dean's signature is required on either the "Program Card and Registration Receipt" form or the "Permit to Register." The maximum normal loads are as follows:

- Normal maximum course load - 16 hours (18 hours with a course in applied music or physical education).
- Sophomores, juniors, and seniors with 3.00 or better - 19 hours.
- Seniors with 2.00 or better who need an additional course to graduate - 19 hours.
- Students on Academic Probation - 12 hours.
- Students on Academic Warning are strongly urged to not register for more than 16 credit hours.

Students enrolled for Directed Teaching (Education 480) are not permitted to enroll in additional courses during the eight-week period of full-time student teaching. The recommended semester course load is fifteen semester hours for students who enroll in Education 480A or 480B on the semester plan. For any exception to this, the student should consult the Dean of the School of Education.

### Late Arrivals

A late arrival would be a student who did not file an application for admission or reentry in time for the letter of acceptance or registration materials to be mailed. A late registration fee of \$5 will be charged for those students who do not complete registration before August 31. The late arrival should go to the appropriate admitting office as specified above.

### The Basic Steps of Registration for Approved Late Arrivals are as follows:

1. Report to the appropriate admitting office as specified above to obtain a Student Information Form. The admitting office will type and issue the SIF.
2. Go to the Packet Preparation Center (Wilson Hall) where the registration packet will be produced.
3. Have a student ID card made (Gibbons Hall).
4. Meet with a faculty advisor(s) in the Godwin Hall Advisory Center or the Advisor's faculty office and complete the **Program Card and Registration Receipt Form**. This must be done prior to entering the Registration Center.
5. Enter the Registration Center (Godwin Hall - Sinclair Gymnasium) to secure Class Assignment Cards and pay fees or verify prepaid fees.

### Graduate Students

Students planning to register for more than 12 semester hours must obtain approval from the Dean of the Graduate School.

### Change of Major

An undergraduate student who wishes to change major field of study should secure a "Change of Major" form from the Records Office. This form should be given to the Head of the department of which the student desires to major. The Head of the Department will assign a new faculty advisor.

### Application

#### for Admission to Teacher Education

Students seeking admission to the James Madison University Teacher Education program should complete Form TE-A. This form may be secured from the Office of the Dean of Education, Maury Hall 106. Students seeking teacher certification must apply for the credential by filling out form TC 3 in the Office of the Dean of the School of Education.

## Tuition and Fees

Full-time students are undergraduates taking 12 or more hours and graduate or post baccalaureate students taking 9 or more graduate hours. Full-time graduate assistants, resident advisors or teaching assistants are entitled to the privileges available to full-time students. Degree-holding students will pay at the Graduate rate for 500 level courses.

### Payment of Fees

All fees and expenses are to be paid prior to the beginning of each semester. Therefore, the student should not enter the registration center unless he/she has paid or is prepared to pay the bill in full, or has University awarded scholarships or financial aid for the balance. Registration will not be completed until the Comptroller of the University validates the "Program Card and Registration Receipt" form and the Student ID card.

## Admissions Procedures

New and reentry students planning to enroll for any course must be formally admitted to the University. Admission must be fully cleared before any registration is authorized.

### New Applicants

#### Undergraduates and Graduates

Application blanks and detailed instructions concerning admission procedures and regulations may be obtained from the offices outlined below:

- Undergraduate Students - Office of Admissions, Varner House
- Graduate Students - Office of the Dean of the Graduate School, Keezell 108.
- Adult Special Students - Office of Admissions, Varner House.

## Returning Students

### Undergraduate

A returning Undergraduate student is defined as a student who was enrolled at James Madison during the Spring, 1978 term. Returning Undergraduates will receive a registration packet by mail provided the readmission fee had been paid prior to the deadline. A returning student who did not pay the readmission fee must secure admission through the Admissions Office. This will be done in view of space available.

### Graduate

A returning Graduate Student is defined as a student who was enrolled in the Graduate Program at James Madison within the past two calendar years. Returning Graduate Students will receive registration packets by mail.

## Reentry Students

### Undergraduate

A reentry Undergraduate Student is defined as a student who formerly attended James Madison but who was not in attendance during the Spring, 1978 term. A reentering Undergraduate must secure admission through the Admissions Office.

### Graduate

A reentry Graduate Student is defined as a student who formerly attended James Madison in the Graduate Program but who has not attended during the past two calendar years. A reentry Graduate student must secure permission to reenter from the Dean of the Graduate School, Keezell 108.

## General Information

### ID Card

All students, including part-time students, evening students and special students, must have permanent ID cards. Current students who hold James Madison University IDs need not have another made. ID cards will be made in Gibbons Hall before registration for those who do not hold IDs. IDs are validated in Godwin Hall after fees have been paid.

### Student Insurance

All James Madison students registering for eight semester hours or more will be required to participate in the comprehensive accident and insurance plan unless they are already protected by equivalent coverage. Students not covered will enroll in this program during registration. Payment of the premium will be collected during registration.

## Veterans Information

Contact the Records Office, Wilson 105 for: Enrollment Certification, Application for Benefits, unpaid benefits, and other information.

## Notification of Non-Discrimination on the Basis of Sex

James Madison University does not discriminate on the basis of sex in violation of Title IX of the Education Amendments (PL 92-318) of 1972. 2. Official grades will be mailed to the student.

## (Section 438 of Public Law 93-380)

Name of record file or form	Placement File Career Planning and Placement Office	Graduate Student Records	Academic Record (Records Office)	Student Personnel Record
Information contained therein.	Personal information, courses and hours of credit (prepared by registrant), evaluation forms or letters of recommendation prepared by those requested by registrant. Student teaching evaluation (for prospective teachers only) prepared by supervisor. Office record of mailing of credentials and conference between staff and registrant.	Entire file pertains to the student and includes transcripts of baccalaureate work, post baccalaureate transcripts, current graduate grades, letters of recommendation, medical information, routine correspondence regarding policies and procedures of Graduate School, a copy of the Collegiate Professional Certificate (if applicable) and an official program of study. The official transcript of James Madison University grades is maintained by the records office.	Grades and course information completed at James Madison University and other institutions of higher learning and general correspondence.	Campus or local mailing address, university housing assignment, listed telephone number, home address, current enrollment status, dates of attendance, date of graduation, physical description, major, date of birth, portion of application for admission, references submitted in support of application, high school transcript, high school test record, student affairs information sheet, disciplinary record, correspondence with student, incident reports, copy of information sent at student's request.
Name and position of person responsible.	Thomas A. Nardi, Director of Career Planning and Placement	Dr. Charles C. Caldwell, Dean of the Graduate School.	Mrs. Pauline Long, Director of Records.	William C. Johnson, Associate Director of Student Affairs.
Policy for reviewing and expunging.	(a) Excepting notes on conferences between registrant and staff members and the student teaching report, registrants may have access to educational records in their placement files. (b) Registrants may withdraw, upon written request, evaluations (except the student teaching report) and recommendations; or may add a reasonable number of such statements. (c) Writers of evaluations or recommendations may, upon request, withdraw statements they have written until such time the statement is challenged by the registrant. (d) Placement files are kept for 5 years from the date of graduation or 5 years from the last date of use.	A student's complete file is available for review upon request. Request for review should be made to the Dean of the Graduate School. All materials and correspondence are kept for 20 years, then all but correspondence is micro-filmed; correspondence is destroyed.	A student may review this entire file Course and grade information and general correspondence and micro-filmed for permanent retention.	The available information listed above may be reviewed by the student. The complete file is destroyed one year following a student's graduation. Records of students who withdraw or fail to re-enter before completing a degree will be maintained in an inactive file for three years after the last session of attendance and will be reactivated should the student be readmitted within that period. After three years these records will be destroyed.
Procedures for review	Registrants may present a written request to review their files if they have not waived their rights to do so. A response to the request will be made within 45 days. The registrant would be invited to the Placement Office for the review. Copies of files are not sent by mail except where not doing so would, in effect, deny the right of review.	A written request should be made to the Dean of the Graduate School.	A student may review this file by filling a written request and presenting his/her ID to one of the Records Office personnel. A student may see his/her transcript, only, by presenting his/her student ID.	A student who wishes to examine specific material in his student personnel folder should complete the <i>Request for Information</i> form available in the Office of Student Affairs. The student will be notified when his/her record is available for inspection.
Procedures for challenging the content	An informal meeting between the registrant and Placement Office staff members would be arranged in an attempt to reach a mutually satisfactory solution. If the concern is not resolved a formal hearing may be requested.	To appeal a grade, the student should consult with the respective instructor. The Dean of the Graduate School should be consulted to challenge other information.	Normally a challenge to information contained in this file would concern a grade. To appeal a grade, the student should consult with the respective instructor. The Director of Records should be consulted to challenge other information.	A student seeking interpretation or clarification of the contents of his folder or wishing to raise a question concerning accuracy should contact the Office of Student Affairs.
Cost of reproduction.	15¢ per page. \$2 per file if mailed.	15¢ per page.	One free transcript to each student, \$2 per copy after the first copy. If more than one copy is being sent to the same address, the additional copies are issued for 50¢ per copy.	Original material, not including recommendations written prior to January 1975, may be photocopied at the cost of 15¢ per page. No reproduction will be made of copied materials such as transcripts.
